Hello angel, you’re like a painting
You’re all I see when I look to the skies
City street lights, even if the lights go out
And the moon disappears, it’s bright because
I have a star that fell from the skies
And it’s you

I keep laughing for some reason every night
Even when I close my eyes, I can’t sleep
I spend the entire night with thoughts of you
Your sparkling smile lets me breathe
Probably you, you
I’m sure you have wings hidden behind your back
Anyone can tell you’re my angel
I can fly as long as I’m with you

The sky gave you everything
And this world gave me you
I want to keep you by my side
So you can’t fly back into the sky
Hold you down, keep you with me
Hug you

Hello angel, you’re like a painting
You’re all I see when I look to the skies
City street lights, even if the lights go out
And the moon disappears, it’s bright because
I have a star that fell from the skies
And it’s you

And it’s you

She says, easily, so easily
To not jokingly call her so pretty
Hold me even more warmly, like a blanket
Stay by my side like the beginning without change
I’ll be always with you, all I could imagine
I’d do anything if it meant this could be forever
If this is a dream, I hope I never wake up
And I just wanna know your everyday

The sky gave you everything
And this world gave me you

So your heart won’t be hurt
So it can’t even be harmed
I’ll protect you, I’ll live for you
I promise you that

Hello angel, you’re like a painting
You’re all I see when I look to the skies
City street lights, even if the lights go out
And the moon disappears, it’s bright because
I have a star that fell from the skies
And it’s you

Even the brightest jewel in heaven
For sure couldn’t be brighter than you
Don’t drift away from me
Baby won’t you stay
I’ll love only you forever

Hello angel, you’re like a painting
