Going Ko Ko Bop

Shimmie shimmie, Ko Ko Bop
I think I like it
Let your guard down down
Don't be embarrassed
I work my way into your dizzy heart
Spread through you softly, like something familiar

Ah woo, it's a calm night
Ah woo, a night all for you
Unable to help it, I fall for you, yeah yeah
I get drunk on your movements, yeah yeah

Forget what you knew about me today
Hidden instincts shimmie up

It goes down down baby
Leave your body to the rhythm
It goes down down baby
Let it go and scream, oh, we're, oh
We going Ko Ko Bop

Hey!

Shimmie shimmie Ko Ko Bop
I think I like it
Bit by bit, let it down down
Don't be shy
Don't pay attention to what anyone says
Just be beautiful like you are right now
I want time to stop like this, baby are you down?

Ah woo, it's our last night
Ah woo, a night just for us
Don't be nervous and come to me, yeah yeah
Leave it all to me, yeah yeah

Slowly losing control, let it all go today
Don't care what anyone else thinks, shaking up

It goes down down baby
Leave your body to the rhythm
It goes down down baby
Let it go and scream, oh, we're, oh...

Break it down now
Hey!
We go down now
(Listen!)

In the deep night you shine even brighter
Your eyes tell me everything
I want you on this great night
I know, it's okay, start now
Let's go!
It's about to go go

Down down baby
Leave your body to the rhythm
It goes down down baby
Let it go and scream, oh, we're, oh
Going Ko Ko Bop

Down down baby
Whisper by my ear
It goes down down baby
Burn up my heart, oh, I'm going crazy, oh
Going Ko Ko Bop
