We'll be the lucky ones

I am the lucky one

I am the lucky one

Oh, the sun is rising
I hold the map that will find you
I follow the coordinates and follow course
No matter, this silver compass
Will point to you

The sky is beautiful because it resembles you
Today today you are dazzling
This familiar yet strange path, I will bend

The parallel lines that are you and me
I will climb over and over I don't mind
I'm swept by big waves
At the end of this voyage

At the raging moment
And you stop in my world

You are my only one
The moment I discover you
You shine more radiantly
I'll be the lucky one
You and I (Livin' it up)
Here (Just livin' it up)
Keep on coming
Wow wow wow wow
In the same time
Oh, the moment we become one
We'll be the lucky ones

Girl (Oh girl)
You've been secretly hiding your confession
(Just tell me right now) I will come to you
Step by step to your side baby
Today, today I'll never never go back
I will change the rule that only I know

The parallel lines that are you and me
I will climb over and over I don't mind
I'm swept by big waves
At the end of this voyage

At the raging moment
And you stop in my world
You are my only one
The moment I discover you
You shine more radiantly
I'll be the lucky one
You and I (Livin' it up)
Here (Just livin' it up)
Keep on coming
Wow wow wow wow
In the same time
Oh, the moment we become one
We'll be the lucky ones

You are my lover among countless people
A four leaf clover that I luckily found
I feel like you, my fortune will come to me
This is cool no matter what anyone says
The more I get to know you, yeah, let's go
There is no place we can't coexist in
You are my only one
I am your lucky one
Cause I, I, I

At the raging moment
And you stop in my world
You are my only one
The moment I discover you
You shine more radiantly
I'll be the lucky one
You and I (Livin' it up)
Here (Just livin' it up)
Keep on coming
Wow wow wow wow
In the same time
Oh, the moment we become one
We'll be the lucky ones

I am the lucky one
