Turn the music up now

We got that
We got that

Don't hesitate, move on
There's no time
Your future depends on your imagination
Throw away your fear, we can do it, it's okay
All the keys are in your possession

You used to dream even when you weren't asleep
I hope you never forget
Today, let's burn it up with fun together
Like we've become one, feeling feeling
So turn me up

We got that power power
Whenever you see me
Whenever we feel each other's hearts
Power power
We become stronger
Turn the music up now

We got that power power
Through this music
When we sing with one voice
Power power
We become stronger
Turn the music up now

Power power
Turn the music up now

Don't worry anymore, stop
Time is ticking, even now, tik tok
We take a shot
Let's go, we got bang bang pow wow
With the melody that comes out of your earphones
Shut out all the noise and turn the volume up high
We got that power everytime

You used to dream even when you weren't asleep
I hope you never forget
Today, let's burn it up with fun together
Like we've become one, feeling feeling
So turn me up

We got that power power
Whenever you see me
Whenever we feel each other's hearts
Power power
We become stronger
Turn the music up now

We got that power power
Through this music
When we sing with one voice
Power power
We become stronger
Turn the music up now

When tiring days come, remember babe
The beautiful us
The power to get up again
It's in you
We got that

We got that power power
Through this music
When we sing with one voice
Power power
We become stronger
Turn the music up now

Power power
Turn the music up now

We got that
We got that
