No one can describe how you appear
In my eyes
(Everything else is insignificant)
Unable to speak, you're one in a million
My world in nothing more but letting you live inside my heart
(Everything else is unnecessary)
Come live in my heart now

Your beauty is unbelievable
Even my shadow is unable to control itself
Your every careless [action]
Makes me crazy fascinated

Flipping your hair, your intoxicating gestures
Speeding up time, snap your fingers Baby
I'm frozen still
Completely losing it, can't restrain
Touching your lovely fingers Baby
Don't stop

Ay and she goes like (Nanana)
Ay all the girls go (Nanana)

Oh yeah
Standing in front of you, I'm really feeling good now
(Feeling good now?)
Yeah I'm feeling good now
Just lost my mind Boom
Laughing like a fool
(What what my nerves are out of control black out uh!)

My imagination is raging
Ill draw your every glance and every smile
The curve of your mouth
Everyone's talking about your beauty

Flipping your hair, your intoxicating gestures
Speeding up time, snap your fingers baby
I'm frozen still
(Motionless in this moment)
Completely losing it, can't restrain
Touching your lovely fingers Baby
Don't stop

All my ladies say yeah (Nanana)
Ay hear my voice feel me? (Nanana)
All my ladies say yeah (Nanana)
Yo Yo Sing it again (Nanana)

No need to speak, no need to do anything
No need to look for any excuses
Light finger touches, small movements
Are even making me change
(Let you take control Babe)

Oh you got what I want
Ay ay you're the center of my universe
(Surrounding you Babe)
Oh you got what I want
Ay ay you're welcome to seize my life

Don't want to let you slip away so easily
I can't help myself
I want to be completely transparent in the descion to love you
Already falling for you subconsciously
Subconsciously you slowly draw near
Let this moment freeze
Seeing me in your eyes Yeah
(Tell me if you want me)

Flipping your hair, your intoxicating gestures
Speeding up time, snap your fingers Baby
I'm frozen still
Completely losing it, can't restrain
Touching your lovely fingers Baby
Don't stop

Sing it sing it baby (Nanana)
Ay come on come on do it again (Nanana)
Just in this moment

Your white fingers
Oh your whispering in my ear at every advance
Ignoring how you're tempting me
Snapping your fingers in a flash
I'm thoroughly dizzy
(Your forever changing beauty)
Oh you slowly drown me in this place
(Watch it baby)
I've decided I want your everything
(Watch it baby woo)
Unconsciously sparking fingers
