

# Unfair

Exo

If you smile at me like that (Girl, don't you know?)  
It's hard for me to not feel anything  
I've already had several cups of coffee baby  
But why do I still feel like I'm in a dream?

If my friend saw me, he would've cursed at me  
I'm not used to being like this or saying this  
But in front of you, it's like I was never like that

You're unfair  
Are you being selfish? (stop it)  
Your eyes, your nose, your lips  
Are they still going to be pretty no matter how much I look?  
You're unfair  
Just stop right there  
You're dangerous, dangerous, take it slow  
(Oh my)

If you already know  
Please stop playing around (don't you see)  
I'm getting more and more lost in you  
But if you play games with me  
It'll be too cruel  
I gotta gotta slow down  
(Baby baby baby) baby oh

If my friend saw me, he would've cursed at me  
Seeing me be like this or say this  
I know it's too fast but  
But you make me say this

You're unfair  
Are you being selfish? (stop it)  
Your eyes, your nose, your lips  
Are they still going to be pretty no matter how much I look?  
You're unfair  
Just stop right there  
You're dangerous, dangerous, take it slow  
(Oh my)

I ask myself why I'm being like this  
But instead of a clear reason  
The trembling feelings tell me  
Nothing else is important  
I'm already calling you again

I know it's really strange  
But don't say anything and just listen

I know it's unfair  
Am I being selfish? (stop it)  
Your eyes, your nose, your lips  
I wanna be the only one who looks at you, am I being too greedy? (I miss you baby)  
I know it's unfair  
I'll tell you straight up  
Any more and it'll be dangerous, dangerous, take it slow (dangerous baby)

(I'm telling)

Girl, girl, be my love

We drank coffee every day (My baby yeah)

Girl, girl, be my love

We talked for a long time on the phone every night (babe)

Girl, girl, be my love

It's time that you come to me

Oh baby falling let's fall in love

(Oh my)
