Today's air is dust free
Take your car keys and leave
It's been a while since there was no traffic
Come out if you have time
Gather around for a meeting
Circle, square, triangle, and x

It's boring playing games everyday

So where should we go today?
Should we go lightning fast to Incheon Airport?
Should we tear through the clouds and fly in the blue sky?
Observing stars in neighboring countries is fine, too

The weather is so amazing
I feel like something exciting will happen
Who cares if there are no plans?
We are still young and free
(One two three)

I work to play
I work as if I'm playing, what about you?
I feel like I play every day I'm like a Taoist hermit
What a life, what a life, what a life
What a life, what a life, what a life
What a life, what a life

I work to play
I work as if I'm playing, what about you?
I feel like I play every day I'm like a Taoist hermit
What a life, what a life, what a life
What a life, what a life, what a life
What a life, what a life

I'm young and free
I have a friendly personality
My friends are sitting around me
I'm like a Taoist hermit and fresh
I'm like someone's relative
And I'm kind
My wallet is full today
Do you wanna get down with me

So where should we go tonight?
Clubs are cliché let's go out on the streets
Palm trees right next to the beach are fine, too
Day and night started the engine
I feel like I can do something today

The night air is so amazing
I feel like something exciting will happen
Who cares if there are no plans?
We are still young and free

Life is good, life is good yeah

Play hard and make money with joy
I feel so fresh like the air today
The day and night is long so keep the worries about tomorrow short
