

## ??? (What If...)

Exo

Eyes looking at each other  
Eyes looking at each other  
One pair of remaining eyes

Oh you really look happy, you look happy  
When I see you, so beautiful that it's sad  
I don't hate him, I don't hate him  
Because he makes you smile like an angel

(Oh oh yeah) Words that became a secret before I said them  
(Oh oh yeah) That's why I wasn't for you

The two eyes looking at each other  
The one remaining pair of eyes, the lost eyes  
The two eyes, tightly shut  
The eyes that are too late, the eyes that lost you  
I'm becoming more and more sorry, looking at you with these kinds of feelings  
Eyes looking at each other  
One pair of remaining eyes, eyes that have lost its way

I made a big mistake, I made a mistake  
The dream that grew inside of me  
Was that time would bring you to me like the wind

(Oh oh yeah) White words that filled up a white canvas  
(Oh oh yeah) I guess I saved it up too much

Now I need to keep you inside my drawer forever  
But can I take you out sometimes?  
Even if my heart that longs for you becomes a small star  
At least from far away, at least in my heart  
I will warmly shine on you

The two eyes looking at each other  
The one remaining pair of eyes, the lost eyes  
The two eyes, tightly shut (two eyes tightly shut)  
The eyes that are too late, the eyes that lost you  
I'm becoming more and more sorry, looking at you with these kinds of feelings (my heart looking at you)  
Eyes looking at each other (Girl I'm missing you)  
One pair of remaining eyes, eyes that have lost its way

What if it was me  
The eyes that are looking at you inside your eyes (looking at you)  
What if it was me  
The eyes that are looking at you inside your eyes
