

## Army Life, Pt. 2

Exploited

Go!

Join the army at seventeen  
Two years later you're a killing machine  
Clean my rifle everyday  
I gotta do whatever the army says

Army life is killing me, me, me, me, me, me  
Army life is killing me

Went to Belfast just for fucking fun  
Walking about with my Tommy gun  
Sooner or later you'll end up dead  
You'll just be a line in your local paper

Army life is killing me, me, me, me, me, me  
Army life is killing me

Army life is killing me, me, me, me, me, me  
Army life is killing me

Army life is killing me, me, me, me, me, me  
Army life is killing me

I joined the army to learn to kill  
I joined the army to be a man  
But all I learned in eight long years  
Is gotta do whatever the army says

Army life is killing me, me, me, me, me, me  
Army life is killing me
