

# Free Flight

Exploited

American hostages  
Held in Iran  
President Carter  
Will free them if he can  
Commando mission  
Was a scheme that failed  
It was a helicopter crash  
It was a snap and shell

Russia fighting America  
One last stand to the red  
A nuclear war has just begun  
Atomic bombs overhead  
Nuclear dust [?]  
High in the city (city)  
Human flesh by the wall  
Stop this bloody mess

Ayatollah!  
Let the hostages go!  
Ayatollah!  
You make me sick!

General alarm! Atomic attack!  
R.A.F. gunners, gonna fight back  
Innocent survivors, that's just it  
Atomic bomb [?]

Ayatollah!  
Let the hostages go!  
Ayatollah!  
You make me sick!

Go down to shelter, wait for the bomb  
Shelling your house when you're in there too  
All you want is a justice fight  
Wondering if you'll survive if you know you're right

Ayatollah!  
Let the hostages go!  
Ayatollah!  
You make me sick!

American hostages  
Are flown home from Iran  
President Reagan  
Has coughed up all their spare cash  
All of us wait  
[?] Ayatollah's plan
