

# Never Changed

Exploited

I always there for you  
You're never fucking there for me  
That's the way it seems to be  
And the way it's always been

I never changed  
I never changed  
I never changed  
Never never never never never never changed

I was always there for you  
Always first in the queue  
I used to do anything  
And everything just for you

I never changed  
I never changed  
I never changed  
Never never never never never never changed

I'm still fucking here for you  
No matter what you say or do  
Cos that's the way i've always been  
And you know that's fucking true

I never changed  
I never changed  
I never changed  
Never never never never never never changed
