

## Never Sell Out

Exploited

Been going on for fucking years now  
And punks we're going to stay  
What you see is how it is  
We'll never sell out no way

We'll never sell out  
Is what I say  
We'll never sell out no way

I don't give a fuck about you say  
I do things my own way  
Because that's the way i've always been  
And the way it's gonna stay

We'll never sell out  
Is what I say  
We'll never sell out no way

All those cunts that slagged us off  
Are just a bunch of fucking twats  
From Big John to Conflict too  
Disappeared up their own arse

We'll never sell out  
Is what I say  
We'll never sell out no way
