Sick Bastards

Exploited

The girl was screaming
Go leave me alone
She was only 5 years old
She had done no wrong
Her mother had told her
"Don't talk to men"
She'd ignore her advice
Never seen again

Sick bastard
Sick bastard

80 year old woman
Lying in her bed
Someone crept into her room
Left her for dead
He slashed her face
He broke her arm
Now in intensive care
Lying nearly dead

Sick bastard
Sick bastard

Why does he do it
Is he insane
Just what goes on
Inside his tiny brain
Is he sick
Does he know what he's done
One day they'll catch him
Then we'll see him burn

Sick bastard
Sick bastard

80 year old woman
Lying in her bed
Someone broke into her room
Left her for dead
He cut her face
Broke her arm
Now in intensive care
In a hospital bed

Sick bastard
Sick bastard
Sick bastard
Sick bastard
