

A Gift Beyond Human Reach

Extol

Incomprehensible, captivating
Flawless and beautiful

By the desire of the Creator
The essence of life poured out in every being
Not by mere chance, but with a purpose
Shaped in the likeness of the Triune
Come into existence to love, to worship, to connect

Seeds come alive, a mystery hidden from man
In perfect balance, a perfect composition
Trusting eyes, sparks of life
Completely dependent, yet without fear
Surrendering to the father's arms

Vitality provided from the source
A gift beyond human reach
Not bound by time and space
Destined to the eternal - not bound by time

Incomprehensible, captivating
Flawless and beautiful
