

# Behold the Sun

Extol

Pure and clear, majesty  
Endlessly, turn your gaze to me

Behold, the Sun  
Surrender to its will  
My face a reflection  
It will surely shine

Light so sweet, cover me

Truly the light is sweet  
A pleasant sight it is for the eye  
To behold the Sun

Omnipresent, never fading  
Captivating, nowhere to hide  
Energizing, fulfilling

Circling at distance  
We're all left here, showered in light  
Everything is so clear

Light so sweet, cover me

Revitalization, illumination  
Come energize, spiritize  
Colorize, mesmerize

Sun persist, turn your gaze to me  
Through the mist, turn your gaze to me
