## **Enthralled**

I'm enthralled by this force Priceless peace altering my mind Essence of higher life Infiltrates my spiritual being

Perfect state of mind (2x)

Grace divine comes to me Silent God moves within my heart Giving me certainty Now I am a fragrance of life

Perfect state of mind (2x)

Having knowledge of He who guides me I see through your empty and hollow lies You can never separate me from Him My spirit is forever in His hands

I bring forth praises To He who reings He is my perfect State of mind
