

No One Is Innocent

Extreme Noise Terror

A lesson in harsh tyranny
A burned out car, a terrorist cell
Screams of children living in hell
No one wins, all hope is lost
Victory at any cost, no one is innocent

It's time to face the firing squad
- No one is innocent
Genocide through the hand of God
- No one is innocent

Sick and twisted, standing on the side line
A burned out car, a terrorist cell
Screams of children living in hell
No one winds, all hope is lost
Victory at any cost, no one is innocent

It's time to face the firing squad
- No one is innocent
Genocide through the hand of God
- No one is innocent

Children of God
The chosen ones
A holy land that's overrun
By religious doctrines and blind faith
Holy wars, a master race
Kill or be killed, none survive
Destruction that can't be justified
An age old war that never ends
The final solution, a means to an end

No one is innocent, no one is innocent
