

## We

Eydie Gorme

Pay attention. I want to tell you something  
that you may not expect,  
it may be painful.  
Listen to me.  
Even if it hurts my very soul,  
I need to talk with you,  
so I will.  
We,  
that were so sincere,  
that since the day we met  
we've been loving each other.  
We,  
that out of only love  
made a marvelous sun,  
a divine romance.  
We,  
that love each other so much,  
we must split ways.  
Don't ask me anything else.  
It's not lack of love.  
I love you with all my soul.  
I swear that I love you.  
So, in the name of this love,  
and for your own good, I say goodbye.
