

## Head High

Eye Empire

Tell me what it is that you're afraid of  
(You should stand up and hold your ground)  
Is there any chance for you to be?  
(To be what you wanted?)  
FREE?  
FREE?

Head high, don't you look down  
Both feet firm on the ground beneath

Sacred circumstances brings forth the maker  
(You can see what you're made of now)  
I can feel your longing just to be  
(To be what you wanted)  
FREE?  
FREE?

Head high, don't you look down  
Both feet firm on the ground beneath

Head high, don't you look down  
Both feet firm on the ground beneath

(You should stand up and hold your ground)  
Is there any chance for you to be  
(To be what you wanted)  
FREE!

Head high, don't you look down  
Both feet firm on the ground beneath

Head high, don't you look down  
Both feet firm on the ground beneath
