

Is there something I can do for you?
Is there something I can do for you?
Is there something I can do?
Is there something I can do?
Lemme know, yeah you know
Time to help, time to grow
Tryna be a positive just the once
Everybody has some hate on the other side of the fence, but
I just wanna help, I just wanna prosper
Gonna help my mom and dad
Gonna help my mom and dad
Gonna help my mom and dad
Is there something I can do for you?
There's something I'll do for you
Is there something I can do?
If there's something I can do
I'll do it for you
I'll make it come true
No sorry, I don't have the cash
I'm happy but I need it too
I feel so better, want no cry
I think I got something in my eye
Want do the best for you
So I can provide for you
Anything you want, I got you
If there's anything you want, I got you
Anything you want, I got you
Anything you want, I got you
Don't have the money now, but I'm gonna get it somehow
Don't have the money now, but I'm gonna get it somehow
Get it somehow
Is there something I can do for you?
Something I can do? For you
Let me know
