

## It Girl

Eyedress

I want an it girl  
In a fashion magazine  
I want an it girl  
And she's known in every scene  
I want an it girl  
And she's always VIP

I want an it girl  
To wake up next to me  
I want an it girl  
To wake up next to me  
She's always VIP  
She's always VIP

Oh, I fell in love  
With an it girl  
And she took my heart  
Then she healed my pain  
Don't let me hurt again  
No-oh  
No-oh

I want an it girl  
To wake up next to me  
I want an it girl  
To wake up next to me  
She's always VIP  
She's always VIP
