

Make Up or Break Up

Eyedress

We got all night
Why we gotta fight?
Don't matter who's right
Just don't lose sight

We can fight today
And have a bad day
Or we can make it right
And have a good night

We got all night
Why we gotta fight?
Don't matter who's right
Just don't lose sight

Let's just make up, make up
Let's not break up, break up
Let's just make up, make up
Tonight

We got all night
Why we gotta fight?
Don't matter who's right
Just don't lose sight

Let's just make up, make up
Let's not break up, break up
Let's just make up, make up
Tonight
