

## Nice Girl from a Nice Part of Town

Eyedress

She's a nice girl  
She's from a different part of town  
Wanna keep her  
I hope she sticks around

She's a nice girl  
She says I'm the talk of the town  
Brought me to her house  
When her dad wasn't around

She's a nice girl  
She's a nice girl  
From a nice part of town  
From a nice part of town

Can't you see I'm trying?  
Broken hearts will end your suffering  
Sometimes I feel like dying  
But I always choose to let off when

She's a nice girl  
She's a nice girl  
From a nice part of town  
From a nice part of town
