

Prada

Eyedress

Smokin big gas in the whip
She look better with prada on
No make up
She got it all
You're the reason I bought it all
Spending so much
And I don't care
Cause I got you
And I got everything that I want
Cause I got you

I ain't rockin no forces
It's gucci on my feet
Rodeo drive in yo closet girl
You're the reason I got it
Big racks in my wallet
And nothings gonna stop it girl
No
I'm lucky cause I got us
Baby girl you know I'm in love
I'm so in love
I'm so in love
I'm so in love

Smokin big gas in the whip
She look better with prada on
No make up
She got it all
You're the reason I bought it all
Spending so much
And I don't care
Cause I got you
And I got everything that I want
Cause I got you
Cause I got you
Girl I want your love
Girl you turn me on
Yeah you turn me on

Smokin big gas in the whip
She look better with prada on
Ooh
Prada
She's so good
Ooh

Triathalon
All I really want is you, yeah
All I want is you, yeah
All I want is you, you, you

Can I make a change?
What's been going on?
Is this just a phase?
Is there something wrong?
I've been down, down
Riding around, round

Can't stop now, now
Nothing pulling me out

When you say what you need, do you love me?
Do you change when I leave? Are you lonely?

All I really want is you- yeah
All I want is you - yeah
All I want is you, you, you

All I really want is you- yeah
All I want is you - yeah
All I want is you, you, you
