

## Ride or Die

Eyedress

Say you with the shits, baby, is you down to slide  
These people been talkin' 'bout me for a while  
I could never ever let them get to me  
Girl, I just need to know that you're not my enemy  
Said you down to ride, baby, is you down to slide  
Is you gon' be my baby, ride or die  
Pull up wit' the stick, you know how I ride  
Empty out the clip, then you know I'm gon' slide

My love's so unconditional, can you believe  
I'm not like these other guys who give up

Love is moving fast  
The feelings always grow  
I want to hear your voice  
I love it so  
I pray for some love  
And send it all to you  
I know it ain't much  
But it's all I could do
