

Feeling good, going out tonight
Oh, my girl, yeah she down to ride
Got some money, gonna stunt tonight
I know you love me, you're a socialite

Make you feel good, make you feel good
Make you feel good, make you feel good
Yeah, yeah
Make you feel good, what's up
(Come on)

Heaven's in love
With you, with you

Feeling good, going out tonight
Oh, my girl, yeah she down to ride
I'm with homie 'till they down for life
Smoke weed, get high tonight

Make you feel good, make you feel good
Make you feel good, make you feel good
What, what
Make you feel good, make you feel good
Ah, ah, yeah

Come on, what's up, feel it, feel it, yeah

Heaven's in love
With you, with you
