

Teen Mom

Eyedress

She was just a 90s mom
She had me in her teens
She never had a job
She just took care of the family

Daddy wasn't home
Working 9-5 everyday
Saw him on the weekends
Saw him on the holidays
Drive me and my friends
In your minivan
To the mall
Listening to new wave
Pick me up it's getting late

It's because of you I'm good
It's because of you I could
It's because of you I'm good
I'm good

She was just a 90s mom
She had me in her teens
She never had a job
She just took care of the family
She's a teen mom
She's a teen mom
She's a teen mom
Teen mom
Teen mom

Took the bus to school
Really miss when you drove me there
Never went to college
But you never really cared
If I went to jail
Be the first call to bail me out
I know that you wouldn't tell dad
Wouldn't rat me out

It's because of you I'm good
It's because of you I could
It's because of you I'm good
I'm good

She was just a 90s mom
She had me in her teens
She never had a job
She just took care of the family
She's a teen mom
She's a teen mom
She's a teen mom
Teen mom
Teen mom

She was just a 90s mom
Wearing ripped blue jeans
She put me onto 80s songs

She danced to in her teens

It's because of you I'm good

It's because of you I'm good

It's because of you I'm good

It's because of you I'm good
