

Tokyo Ghost

Eyedress

You're so far away
I wanted you to stay
But you had to leave for Tokyo
I swear that I'll be true, never I would hurt you
I wanna be in Tokyo, I wanna be with you
I wanna be with you, I wanna be with you
I wanna be with you

Please don't break my heart
Please don't break my soul
Please don't break my trust
Always let me know if there's someone else
I don't wanna know, pretend that I'm dead
