

# You Make Me Feel

Eyedress

You make me really happy always  
You make me so happy all day  
You make me really sad, it is fine  
You think that I'm wrong sometimes

My love I'll never let you go  
Never let you go  
Never let you go  
My love, never let you go  
Never let you go  
Never let you go

The way that you're acting, so refined  
The way that you love me, hard to find  
You make me so happy if I lost you I would die  
You'll always feel loved, when you're by my side

My love I'll never let you go  
Never let you go  
Never let you go  
My love I'll never let you go  
Never let you go  
Never let you go
