

Run It into the Ground

Eyehategod

I love christmas
Words that hurt you
That's because matter
Insane lair
I am the anti-now
Defatate those bitter game
I f*ck the shit through
Worship with as a word
Tired inside it wears out
Learn to trap more (guy-and-tra)

The sin of childbirth
Numbness bites a (dee-a-fro)

Past the hope
f*ck and pray (ne-until)
Pray unto

(I have no idea and can't understand anything Mike IX says past
this point... sorry)
