

# Daddy Knows

Eyelar

He's gonna shoot me when he hears the news  
I'm such a rebel, I just wanna break the rules  
Right when he told me, when he told me not to do it  
Fell off the wagon again (turn up, turn up)

All out, all out  
We keep on drinking 'til we crawl out, crawl out  
And get some sleep, when we are passed out, passed out  
Wish I could do this every day for the rest of my life

But don't you let my daddy know I'm in the club again  
You see, I promised him that I would be in by 10  
Don't let my daddy know I kissed someone I just met  
I wanna take it off  
My clothes are sticky and wet

Don't let my daddy know, oh-woah  
Don't let my daddy know, oh-woah  
Don't let my daddy know, oh-woah  
Don't you let my daddy know I'm in the club again

Don't let my daddy know, oh-woah  
Don't let my daddy know, oh-woah  
Don't let my daddy know, oh-woah  
Don't you let my daddy know I'm in the club again
