

FXCK YOU CAUSE YOU WERE THE ONE

Eyelar

I don't hate you
That would mean I'd
Still have feelings
But I don't

I feel nothing
Anymore cause
I don't love you
I just don't

I said
Fuck you cause you were the one
You were the one
Mmm fuck you cause you were the one
You were the one
I said

I'm sorry that I hurt you cause I never meant to do that
But the next time when you get a girlfriend just don't forget that
Almost every relationship turns to shit
And almost every relationship falls to pieces
And there's always someone leaving, huh?
So who's pick the pieces up now (now, now)
So who's pick the pieces up now (now, now, you)

No one's gonna love you like I did

I just
Fuck you cause you were the one
You were the one
Fuck you cause you were the one
You were the one
I said

Ohhh, Ohhh, Ohhh

I feel nothing
Anymore cause
I don't love you
I just don't, I just don't
I just don't (don't, don't don't, don't don't don't)
I just don't (don't don't)
I just, I just

Fuck you cause you were the one
Fuck you cause you were the one
