

I told my mom not to worry  
I told my friends not to call me  
I told my boyfriend not to want me  
Why don't they listen to me?

If I'm the life of the party  
Why don't I die by the morning?  
Why do I just wanna be lonely?  
'Cause nobody understands me

Now I'm drivin' in your car with the top down, oh  
Wonderin' if you're still thinkin' 'bout me anymore

How many voices do you hear inside your head?  
When I'm all alone it's all I hear, it's all I get  
I wanna take you to the place, you'll understand  
How many voices I can hear inside my head  
How many voices do you hear inside your head?  
When I'm all alone it's all I hear, it's all I get  
I wanna take you to the place, you'll understand  
How many voices I can hear inside my head, ooh-ooh

I told my mom not to worry  
I told my friends not to call me  
I told my boyfriend not to want me  
Why don't they listen to me?

If I'm the life of the party  
Why don't I die by the morning?  
Why do I just wanna be lonely?  
'Cause nobody understands me

Lately you've been calling late, because you know that I'm so, oh  
Wonderin' if I'm still thinking 'bout you anymore

How many voices do you hear inside your head?  
When I'm all alone it's all I hear, it's all I get  
I wanna take you to the place, you'll understand  
How many voices I can hear inside my head  
How many voices do you hear inside your head?  
When I'm all alone it's all I hear, it's all I get  
I wanna take you to the place, you'll understand  
How many voices I can hear inside my head, ooh-ooh

Yeah, yeah, yeah-yeah-yeah  
Whoah, whoah, whoah-whoah-whoah  
Oh-oh, ooh-ooh, oh-whoah  
Eh-eh, whoah

Whoah, whoah, whoah-whoah-whoah  
Oh-oh, ooh-ooh, oh-whoah  
Eh-eh, whoah

How many voices do you hear inside your head?  
When I'm all alone it's all I hear, it's all I get  
I wanna take you to the place, you'll understand  
How many voices I can hear inside my head
