

## Die Trying

## Eyes Set to Kill

Every day these voices  
Make me question myself  
Should I be somebody else  
My demons are awakening

Won't let the pressure  
Take over me  
Won't let the pressure  
Take over me

Ready to make my own way  
Or die trying

I'm gonna break through the chains  
Ready to make my own way  
Or die trying  
Wipe the blood off my face  
I keep my head in the game  
Or die trying  
I'm gonna put up a fight  
Gonna risk my own life  
Or die trying  
I'm gonna break through the chains  
Ready to make my own way  
Or die trying

Every day's the same  
I'm getting bored of this lie  
Sick of getting by  
My demons are awakening

Won't let the pressure  
Take over me  
Won't let the pressure  
Take over me

I'm gonna break through the chains  
Ready to make my own way  
Or die trying  
Wipe the blood off my face  
I keep my head in the game  
Or die trying  
I'm gonna put up a fight  
Gonna risk my own life  
Or die trying  
I'm gonna break through the chains  
Ready to make my own way  
Or die trying

I'm gonna break through the chains  
Ready to make my own way  
Or die trying  
Wipe the blood off my face  
I keep my head in the game  
Or die trying  
I'm gonna put up a fight  
Gonna risk my own life

Or die trying  
I'm gonna break through the chains  
Ready to make my own way  
Or die trying
