Come down tonight

Make me feel alright

Hold me in your arms

Promise to never let go

Go until I

Decide it's time, our lives

Come down, come down

Come down to me tonight

I've come to find
You will never be mine
Lets keep the secrets between us
You and me
Rest those tired eyes
Tomorrow's a surprise
Lets keep the secrets between us
You and me

It's getting harder to hold my breath Keep it in my chest
I'm sinking under the pressure
I wish that I could just take it back
Let that time pass
But now I'm stuck under pressure

Although you'll never be nine Your secrets safe with me

I'll take this to my grave
Until my body rots away!

And lay me down to my bare bones Their voices scream But I refuse to hear their plea

I've come to find
You will never be mine
Lets keep the secrets between us
You and me
Rest those tired eyes
Tomorrow's a surprise
Lets keep the secrets between us
You and me

It's getting harder to hold my breath Keep it in my chest
I'm sinking under the pressure
I wish that I could just take it back
Let that time pass
But now I'm stuck under pressure

Although you'll never be nine Your secrets safe with me

I've come to find
You will never be mine
Lets keep the secrets between you and I

I've come to find
You will never be mine
Lets keep the secrets between you and I
I've come to find
You will never be mine
Lets keep the secrets between you and I
I've come to find
You will never be mine
Lets keep the secrets between you and I

It's getting harder to hold my breath
Keep it in my chest
I'm sinking under the pressure
I wish that I could just take it back
Let that time pass
But now I'm stuck under pressure

Although you'll never be nine Your secrets safe with me I'm sinking under the pressure Although you'll never be nine Your secrets, your secrets out Your secrets, your secrets out Your secrets out
