

1 & Only

Ez Mil

- Like I think I want it almost like a fantasy
Where it's almost not real
Like you know
I want them to be overly loyal
Cuz I will be overly loyal, that's why
They're just gonna be like, you know...
The one and... the one and only one
That I will look at as... the one for me ty
I know it's corny but, you know what I mean
- Mhmm
- Yeah, man it's just... its just that

Have me as your one and only
Make sure I'm the one

Autumn when the leaves fall
All is cold and cold is all
Spring is when the birds call
Flowers grow with you in awe

Dancing in the moonlight from winter to the summer
I see it in your eyes when they shine in every color but I'm
Trapped and still confused if I really need a lover
But why do I cry when you're with someone else?

Have me as your one and only
Make sure I'm the one for you
Please, don't ever make me lonely
Cuz broken hearts need loving too

Breaking all the walls down
We're the lost that's yet be found
Giving you the key now
Don't let me fall onto the ground

Running from the walls that kept me inside forever
And sometimes trusting others to love is like a letter
But I'm throwing that away so that we could be together
But how can I love when I'm trying to run?

Have me as your one and only
Make sure I'm the one for you
Please, don't ever make me lonely
Cuz broken hearts need loving too

Have me as your...
Make sure I'm the...
Please, don't ever...
Cuz broken...

I miss home man
Nangiba na nga paningin ko sa buong
Mundo dahil nandito ako sa Kanuan eh
