

King I Be

Ez Mil

But not really tho
Cuz you know I'm like
The king of this shit foreal foreal
Ain't nobody as 3rd as me on God
(Y'all got Filipinos fucked up dawg)
Let's get it
(On my mama bro)

Shit
Yeah, let these dames take the fame
I don't care anyway
Yeah as long as I set the
Listeners in disarray
Give 'em ears a bloodbath
Till the volume penetrates
Your muhfuckin' hearing waves, hah
Skiddly daddle on these
Riddly rhymes I be sayin': "Fuck"
"Ezekiel Miller, you should just
Get with the times!" - they be sayin'
Nah...

Listen they can do their own thing
And I can do mine, so
Leave me the fuck alone and
Oh shit, look at the time!
I am almost late to my V.I.P. success train
And when I say 'success'
I don't mean money, sex, and fame
Cuz that shit is fuckin' lame
My ride's here
Idk if you wanna come so buckle up

- Greetings ladies and gentlemen
Welcome aboard
Oh my, there's so many of you!
Praise the Lord!

Uhm, excuse me Debra

- Yes?

Yeah, announce how all this shit's about me

- Oh of course! Everyone plead yourself to King Ezekiel's majesty

Hear the beat, yuh
Learn from me, uh
Take a knee
Bow down to my supremacy
Yuh, watch and see
As this melody
Possesses me
And I wear the crown
Like the king I be

Hear the beat, yuh
Learn from me, uh

Take a knee
Bow down to my supremacy
Yuh, watch and see
As this melody
Possesses me
And I wear the crown
Like the king I be

- Ehehem
Attention everyone! (Debra)
Congratulations (Debra) to each and every
Single one of you (Deb...) who survived the ride!
Because a...

Debra shut the fuck up!
Goddamnit Debra
Look at what you did!

- But my king before we got on instruct them is what you said

But you should listen to your king and not pretend to be deaf
Like a little kid!
Bitch and now they scared and your punishment is that you'll be dead!

- Nooo...

Hahaha
Sike bitch! You'll just be a brand
New addition to my rotting dike fence
Which includes Mike Pence
Damn, I'm kinda liking this
Dissin' muhfuckaz right to left
Instead of writing hits

- Sir, but I just think that making hits isn't your kinda game

What kinda shit are you on to think I'm talkin to you?
Be a dike and paint
Yourself as a slut with a cock in you
Like Charlamagne
I'm an insensitive cunt when I'm rockin' the booth
And I'm locked away

- Speaking of rocking the booth
Hyperboost will engage in T-minus
8, 7, 6, 5, 4, 3, 2, 1!

Get on this shit cuz I'm killin' this
Dennis the menace on lyrics
I'm venomous
'Till I get limitless privileges
So that Ellen Degeneres
Sucks on a feminist clit
I'mma wake up to alternative metal
It's evident like evanescence
Of an aspirant
I have devoted my life and soul
Into becomin' a tyrant

Hear the beat
Learn from me
Take a knee
Bow down to my supremacy

Watch and see
As this melody
Possesses me
And I wear the crown
Like the king I be
Yuh

Hear the beat, yuh
Learn from me, uh
Take a knee
Bow down to my supremacy
Yuh, watch and see
As this melody
Possesses me
And I wear the crown
Like the king I be

It's just
Too much?
Way too much
