

Cold Cold Cold

EZI

Doctor, look me in the eyes
I've been breathing air, but there's no sign of life
Doctor, the problem's in my chest
My heart feels cold as ice, but it's anybody's guess

Doctor, can you help me 'cause I don't feel right
Better make it fast before I change my mind
Doctor, can you help me 'cause I don't feel right
Better make it fast before I change my mind

Well, it's cold, cold, cold, cold inside
Darker in the day than the dead of night
Cold, cold, cold, cold inside
Doctor, can you help me 'cause something don't feel right
Something don't feel right

Sweet nurse, don't look at me that way
I've seen those eyes before I can tell you want to play
Counselor, give me some advice
Tell me how hard will I fall if I live a double life

Doctor, can you help me 'cause I don't feel right
Better make it fast before I change my mind
Doctor, can you help me 'cause I don't feel right
Better make it fast, before I change my mind

Well, it's cold, cold, cold, cold inside
Darker in the day than the dead of night
Cold, cold, cold, cold inside
Doctor, can you help me 'cause something don't feel right
Something just ain't right
Something don't feel right
Something just ain't right
