

Field Of Dreams

EZI

Flying close to the sun
She's a passionate one
It's a lot to get over

Got her taste on my tongue
She's a dangerous rush
That I'm feeling all over

It's a trip but I'm glad I fell down
(Ahh, ahh)
Gotta live in it, baby right now
(I'm, I'm)

Free as I'll ever be
Free in my field of dreams
And it's so weird
I don't know how I got here
Something pulled me in
It's the medicine I need, so I can stay convinced I'm
Free as I'll ever be

No more weight on my back
Somehow I don't feel sad
I'm so happy I know her
Going fast as I can
It's amazing to laugh
Looking over my shoulder

It's a trip but I'm glad I fell down
(Ahh, ahh)
Gotta live in it, baby right now
(I'm, I'm)

Free as I'll ever be
Free in my field of dreams
And it's so weird
I don't know how I got here
Something pulled me in
It's the medicine I need, so I can stay convinced I'm
Free as I'll ever be

In my field of dreams
In my field of dreams
