

God Gave Me Feet For Dancing

Ezra Collective

Birds flying high
I don't know how they feel
People outside
In search of something real
And I need mine to get me started
Something to get me started
Got to get me started

Give me bass line
Give me dollar wine
God gave me feet for dancing
And that's exactly what I'll do
Give me high life
Give me good times
God gave me feet for dancing

Time ain't waiting
It's a rhythm that you play
Don't let it go
Be ready when tomorrow comes
When tomorrow comes
Take the hands of the ones that you love
And when the high life comes
Together, we'll dance as one

Oh, give me bass line
Give me dollar wine
God gave me feet for dancing
And that's exactly what I'll do
Give me high life
Give me good times
God gave me feet for dancing

So here we are
Identical strangers
And we move the same way
And let the music change us
Birds fly high
And it's got me started
Now I've got mine
That's got me started
Got me started

God gave me feet for dancing
God gave me feet for dancing
God gave me feet for dancing
God gave me feet for dancing

Give me bass line
Give me dollar wine
God gave me feet for dancing
And that's exactly what I'll do
Give me high life
Give me good times
God gave me feet for dancing

Give me bass line

Give me dollar wine
God gave me feet for dancing
And that's exactly what I'll do
Give me high life
Give me good times
God gave me feet for dancing
