Ezra Collective

Ey-ya-ya-ya-ya
Ey-ya-ya, ey-ya-ya
Ey-ya-ya-ya-ya
Ey-ya-ya, ey-ya-ya
Ey-ya-ya-ya-ya
Ey-ya-ya, ey-ya-ya

Yeah, nobody wanna see my shine
Why I get no respect? Y'all gone respect my time
My God, it's time
As for your King, she gon' come through with a vibe
I don't want no (Hater)
Yeah, I don't want no (Hater, it's fine)

Life is only now
Like this song, life goes on
Life is only now
Like this song, life goes on
Life is only now
Like this song, life goes on
Life is only now
Like this song, life goes on

Yeah
Yeah
Yeah

From the street, to the city, to the ghetto
Shout it from the roof when they hear the instrumental (We hot!)
We hot, we hot, you not
Don't smile now, don't you act like I forgot
You was talking real loud
You was talking real loud, I could hear it from the parking lot
Thought that I forgot
Not my clique, we six feet sharp

I don't take no threats
I don't take no threats, don't you think that I forget
I don't take no threats
I don't take no threats, don't you think that I forget
They made Sam
They made Sam, make another one gents
I don't take no threats

Why you do me? (Shakara)
Please, don't play, why you do me? (Shakara)
Why you do me? (Shakara)
Please, don't play, why you do me?
Why you do me?
Why you do me? (Shakara)
Please, don't play, why you do me? (Shakara)
Why you do me? (Shakara)
Please, don't play, why you do me?
Why you do me?
