You've got one life to live
So why not give it all that you can give?
Don't let the pressure crush you
Don't ever let them rush you

Take your time
Take your time

Yes, you've got one life to live
So give it all that you can give
Don't let the pressure crush you
Don't ever let them rush you

Take your time
Take your time

Well, everyone on earth has right to walk on their own path
Let go of the shackles of your future and your past
The present is a present and the only thing that lasts
So why not make more time in life
To love, to laugh, to dance?
To love, to laugh, to dance

'Cause you've got one life to live
So give it all that you can give
Don't let the pressure crush you
Don't ever let them rush you

Take your time baby
Take your time

Be kinder to yourself, you too deserve a second chance
Life is bold and life is now and life is true romance
Jump into the moment, then make sure you make a splash
'Cause while you're sitting, stressing, God is laughing at your plans

People not always good
Skies not always blue
But every day you should
Be feeling brand brand new

Time flies, enjoy the ride
One day comes final night
Keep the morning in your sight
And you gon' be, you gon' be alright

Alright, alright, alright

'Cause you got one life to live
So give it all that you can give
Don't let the pressure crush you
Don't ever let them rush you

Take your time
Take your time
Baby, it's your time now
Take your time

Yes, you got one life to live
So give it all that you can give
Don't let the pressure crush you
Don't ever let them rush you

Take your time
Take your time
Take your time
Take your time

Ohh yeah, yeah

It's just I love to love, yeah yeah
Ooh ooh, ooh ooh, ooh ooh
Yeah yeah yeah, I love to, love to dance
I love to, love to dance
I love to, live to laugh, yeah
I love my life, I love my life
I love
