

## Pick Up The Phone

F. R. David

Said goodbye when I left  
To your answering machine  
Then you jumped in a plane  
Girl, you know what I mean

Pick up the phone, oh yeah  
Pick up the phone, oh please  
I need your voice again  
Hearing your voice again

Waiting so many years  
Feeling closer to you  
Not a sign, not a trace  
Baby, what can I do?  
Pick up the phone, oh yeah  
Pick up the phone, oh please  
I need your voice again  
Hearing your voice again

Pick me the phone  
Let me know  
I don't want to lose you, girl  
Don't hang up, get in touch  
Fill the shadow in my life  
What you're doing to me now

Intercommunication via satellite  
You can call me long distance  
Whatever you like  
Pick up the phone, oh yeah  
Pick up the phone, oh please  
I need your voice again  
Hearing your voice again

Pick me the phone  
Let me know  
I don't want to lose you, girl  
Don't hang up, get in touch  
Fill the shadow in my life  
What you're doing to me now

What you're doing to me now  
Can't we straight in it out?  
Won't you speak your heart  
What you're doing to me now  
Can't we straight in it out?  
Won't you speak your heart
