

Someone to Love

F. R. David

Hey man, music man
Hey man, play me a song of summer love
Don't stop, keep it up
Come play for someone I'm thinking of

Someone to love
Someone to love
Someone to love
Got somebody to love
Got somebody to love

She's mine, just in time
I was nearby crazy all along
That's right, feeling fine
Like she's singing to me all along

Someone to love
Someone to love
Someone to love
Got somebody to love
Got somebody to love

Someone to love
Someone to love
Someone to love
Got somebody to love

Someone to love
Someone to love
Someone to love
Got somebody to love

Someone to love
Someone to love
Someone to love
Got somebody to love.
