Payday

Faber Drive

Wake up in the morning
Got no food in the fridge
Empty bottles on the floor
And an ache in my head

Gotta walk to work
'Cause there's no gas in the tank
Got no money in my wallet
Or money in the bank

Right when I think
I'm 'bout to break down (break down)
Every couple of weeks
Everything turns around

'Cause it's payday (payday)
Everything's alright
Spending every dollar
Like it's Saturday night

Yeah, it's payday (payday)
Gonna drink it all in
'Til it's Friday at five
And they pay me again

Yeah, it's payday (payday)
Yeah, it's payday (payday)

A week flies by
Goin' meet the boys at the bar
Straight to slammin' back the Jack
And taking girls and guitars

Go to pay my tab
'Cause they're closin' at 1
But it's hard to pay your bills
With "insufficient funds"

Ain't got no money
I can throw down (throw down)
'Til my buddy Jimmy says
He's buyin' this round

'Cause it's payday (payday)
Everything's alright
Spending every dollar
Like it's Saturday night

Yeah, it's payday (payday)
Gonna drink it all in
'Til it's Friday at five
And they pay me again
It's payday

Wake up in the morning
Got no food in the fridge
Empty bottles on the floor

And a... thump in my head

But it's payday
Yeah, it's payday

Yeah, it's payday (payday)
Everything's alright
Spending every dollar
Like it's Saturday night

Yeah, it's payday (payday)
Gonna drink it all in
'Til it's Friday at five
And they pay me again

Yeah, it's payday (payday)
Yeah, it's payday (payday)
Yeah, it's payday (payday)
Yeah, it's payday (payday)
