

# When I'm with You

Faber Drive

Saw you walk into the room  
Thought I'd try to talk to you  
Babe am I ever glad you wanted me to  
It's been two years to the day  
Half the time I've been away  
I know I'm not there enough but that's gonna change  
'cause I'm coming back  
To show you that I'm keeping the promise I made

When I'm with you I'll make every second count  
'cause I miss you  
Whenever you're not around  
When I kiss you  
I'll still get butterflies years from now  
I'll make every second count when I'm with you

Yeah we've had our ups and down  
But we've always worked them out  
Babe am I ever glad we've got this far now  
Still I'm lying here tonight  
Wishing I was by your side  
'cause when I'm not there enough  
Nothing feels right  
So I'm coming back to show you that  
I'll love you the rest of my life

When I'm with you  
I'll make every second count  
'cause I miss you  
When ever you're not around  
When I kiss you I'll still get butterflies years from now  
I'll make every second count  
When I'm with you  
Whatever it takes I'm not gonna break the promise I made  
When I'm with you  
I'll make every second count  
'cause I miss you

When I'm with you  
I'll make every second count  
'cause I miss you  
Whenever you're not around  
When I kiss you  
I'll still get butterflies years from now  
I'll make every second count  
(Make every second count)  
When I'm with you  
When I'm with you  
When I'm with you  
When I'm with you  
Yeah
