

## when things were awkward

Faber Drive

I walked by a girl with the same perfume  
As the one you used to wear  
I can't help but to think of you  
And now I see you everywhere  
Time won't stop for us but  
Maybe we can go a bit longer  
We can both start again  
Let's go back to when things were awkward

I remember running a few skipping passes  
If our parents found out they would probably kick our asses  
Me and you were troubled kids, troubles what we looked for  
[?] there was nothing we were good for

Talks with you sitting in a harbor  
All coming dark still the sky's got darker  
Small blue waves in your eyes dark green  
While you say goodbye, you would kiss my cheek

And I know that  
I'm the one to blame  
But if I lose you  
I can't move on again

I walked by a girl with the same perfume  
As the one you used to wear  
I can't help but to think of you  
And now I see you everywhere  
Time won't stop for us but  
Maybe we can go a bit longer  
We can both start again  
Let's go back to when things were awkward
