King

Fabian Mazur

Hey okay back, king is back

Okay
Hey, uh, okay, blam!

Stick to the script of plan, don't fold, don't jam
Stick to the script the code, we go
No change of falling
Pop shit when you know it's yo calling
Stay the course when the whole thing falling
King back, bounce back on all them

Okay, bam stick to the script the plan
I cannot do no scram
Legit, don't do no scams
Got whole game in my hands
No doubt on me like Gwen
No doubt on me, I'm him
No doubt on me like Gwen okay

The king is back
Okay
The king is back
Okay, okay, ma' Oh...

I oversee the plan's vision is clear
I'm wiping the lens
Peep all the images, even my latest look
Put a scope in a trance
Even my latest scene so action packed like a stuntman
But I am not stuntin fam
I am really him (God damn!)

Stick to the script of plan, don't fold, don't jam
Stick to the script the code. we go
No change of falling
Pop shit when you know it's yo calling
Stay the course when the whole thing falling
King back, bounce back on all them
Okay, bam stick to the script the plan

I cannot do no scram
Legit, don't do no scams

Got whole game in my hands
No doubt on me like Gwen
No doubt on me, I'm him
No doubt on me like Gwen okay
The king is back
Okay, the king is back
Okay, okay
