

Knockout

Fabian Mazur

I came to win, battle me, I'll wreck ya
Where I'm coming from they all calling the master
Yeah that means champion
Yeah I got my reps up
Came for the Ws I had to manifest em
Step up to the ring like I'm ready
Whoever you wanna bring imma rocksteady
I brought my G's in the back here with me
And we came to blast this track let's get it

Now get knocked out
What the fuck they wanna do
Let em cop out
Let's run this shit, get the gloves out
You got a 3-count before you get a knockout
Now get knocked out
What the fuck they wanna do
Let em drop out
We run this shit, this is us now
Get with it or get hit with a knockout

Get with it or get hit with a knockout

Get with it or get hit with a knockout

Now I take aim at the door
Insane in the brain, pain in the floor
I'm talking bout the moshpit
Get you with a drop kick
You ain't even safe if you pray to the lord
Look, you got your head in the clouds
If you ain't with energy you better get out
You hear the rumble, yeah this the predator sound
Old school with this shit, I'm a veteran now

Now get knocked out
What the fuck they wanna do
Let em cop out
Let's run this shit, get the gloves out
You got a 3-count before you get a knockout
Now get knocked out
What the fuck they wanna do
Let em drop out
We run this shit, this is us now
Get with it or get hit with a knockout

Get with it or get hit with a knockout

Get with it or get hit with a knockout
