All There

Fabolous

Trey
(Yeah)
Trappy New Years my niggas
(Trappy New Year, baby)
If you with a baddy right now, tell her turn around and let you see if it's all there, haha, yeah

Pulled a lil baddy postin' with the black on
She can make a hustler leave 'fore the pack gone
Ass make you wanna get your from-the-back on
Pull up on her like she Ricky, get her back blown
She say I'm talkin' shit like I do in rap songs
I say you heard what I say like a tap phone
I D'ucé Wang when I get my yak on
When you leave that joker, hit me on the bat phone

Ain't no disrespect, I need to check it's all there
Tell her turn around and let me check it's all there
(You know time is money, check my wrist, it's all there
Know the squad with me, if it's lit, we all there)
Ain't no disrespect, I need to check it's all there
Tell her turn around and let me check it's all there
(You know time is money, check my wrist, it's all there
Know the squad with me, if it's lit, we all there)

Gotta pay respect, rest in peace to Bankroll
Let the bad bitches live, rest in peace to stank hoes
Cookin' up, I got the recipe for bankrolls
And tryna get the best of me, but they can't though
(Carolina blue kicks, hottest nigga on the block
Used to really buy sickles, now the S6 go)
Shorty ridin' with me, lookin' like I date Mia
Is it all there? Tell the truth, I hate liars

Ain't no disrespect, I need to check it's all there
Tell her turn around and let me check it's all there
(You know time is money, check my wrist, it's all there
Know the squad with me, if it's lit, we all there)
Ain't no disrespect, I need to check it's all there
Tell her turn around and let me check it's all there
(You know time is money, check my wrist, it's all there
Know the squad with me, if it's lit, we all there)

Panties drippin', rain drop drop top like a motherfuckin' Migos song
Pussy good, that pussy good, might put my amigos on
100 thou', this watch no diamonds, every time this shit's on time
Me and Loso, go so crazy, never so-so, no disk chasin'
Hol' up, bald nigga ball so hard like I'm jumpin' from the free throw line
She swallow, jaws been goin' so hard, she love it when it's deep throat time
Yeah, 7 in the mornin' here but it's 10 on the East Coast time
She a 10 on the East, 10 on the West, 10 in the face, 10 in the breast

Ain't no disrespect, I need to check it's all there
Tell her turn around and let me check it's all there
(You know time is money, check my wrist, it's all there
Know the squad with me, if it's lit, we all there)
Ain't no disrespect, I need to check it's all there

Tell her turn around and let me check it's all there
(You know time is money, check my wrist, it's all there
